

North Carolina Summer Institute in Choral Art
PO Box 10883 Greensboro NC 27404

WELCOME!!

First Year School Music Teachers may receive a \$100 reduction in the registration fee for NCSICA 2010.

One of the most rewarding aspects of our summer choral camp (now in it's 58th year) is the camaraderie of the adult participants. Sharing choral techniques with established teachers in our state is a treasure trove for the young music educator. Singing in the student choirs under our nationally known choral clinicians is invaluable. We encourage and hire only those clinicians who will sit with you at meals and answer your questions regarding our profession. *Where else does this happen???*

Fill out an application (available on our website) for the choral workshop of your choice and attach a letter from your school principal stating that you are a first year teacher. Submit your payment with the application.

If you are willing to serve as a counselor and we need you to counsel your registration fee will be refunded at the close of camp. If you bring 10 fully paying campers you will be asked to be a counselor and your registration fee will be refunded at the close of camp.

We look forward to greeting you this summer!!
